

Actabl and Chexology Partnership:

THE CHALLENGE:

Outdated, paper-based claim ticketing systems for valet, guest services, bell desks, front offices, coatrooms and more can be replaced with a modern, digital platform, eliminating the need for paper tickets. Instead of handing guests tiny paper tags that are easy to lose, Chexology uses digital records tied to the guest's name or phone number, contactless NFC tags, and personalized SMS confirmations, making the process faster, more secure, and much more guest-friendly. Make your first and last impression with your guests a WOW.

THE SOLUTION: CHEXOLOGY

- > Alice's seamless integration with Chexology! With Chexology, the guest is their claim ticket. Each transaction directly connects you with your guests through personalized text messages. Fast. Easy. Affordable.
- > This paperless technology costs less than paper, is sustainable, and is faster than your existing system. Best of all, guests are not required to download anything.

HIGHLIGHT REEL:

ENHANCED EFFICIENCY
(45% faster lines compared to paper)

COST SAVINGS
(20% savings from your coatroom's bottom line)

Paperless

Contactless

Added security

Environmentally friendly

No app to download

Simple to use
