

Digital Itineraries by Alice

PLANS CHANGE, YOUR ITINERARY KEEPS UP

Thoughtful, timely communication is key to an exceptional guest experience. That's why we created Digital Itineraries—a dynamic, web-based tool that replaces static PDFs with real-time, interactive itineraries guests can access anytime, from any device.

Eliminate the manual work of reprinting and resending updates, while strengthening the guest's trust in your concierge team as their go-to resource for a curated, up-to-date itinerary. Whether plans change or new experiences added, guests stay informed—and your team stays efficient.

KEY BENEFITS

Guest Empowerment

As each itinerary is crafted, your work instantly becomes the guests guide. Give your guests easy, real-time updates and interactive content. Guests stay informed and confident with on-demand access to their itinerary—anytime, from any device.

Sustainable Services

Eliminate the need to print and reprint static PDFs with a digital-first solution. Digital Itineraries support environmentally responsible operations by reducing paper waste and cutting down on unnecessary printing, while offering a modern, seamless guest experience.

Curated, Branded Experience

Spend less time on formatting and more on curating and delivering an exceptional guest experience. Customizable branding options ensure every itinerary matches your property's unique style without the hassle of manual design.

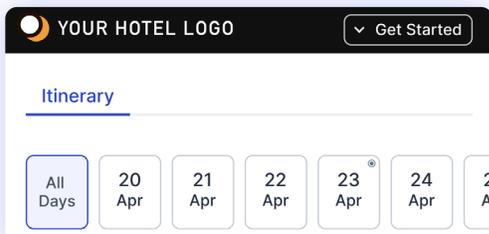

From your hands to theirs—deliver seamless, real-time itineraries, that reflect your brand and service.

KEY CAPABILITIES

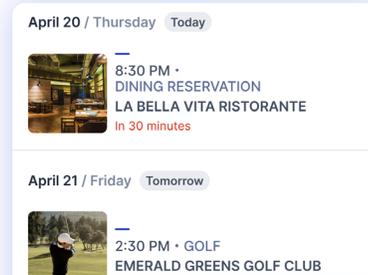

Custom Branding

Tailor the look and feel of each itinerary with your property's logo, colors, and fonts to reflect your brand identity.

Configurable Content

Choose which guest tickets appear, and curate exactly what's visible to each guest.

Guest Authentication

Ensure privacy and personalization with secure guest authentication before viewing their itinerary.

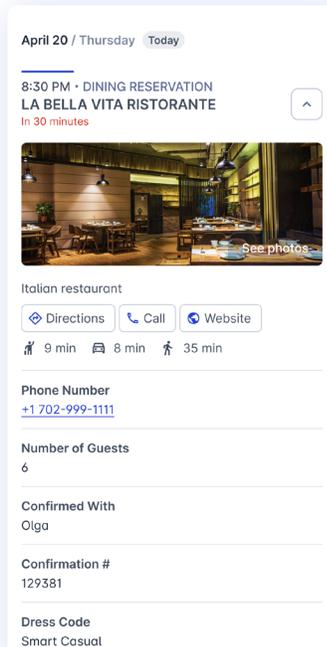

Quick & Seamless Sharing

Share itineraries with guests in just a few clicks—no printing, no attachments.

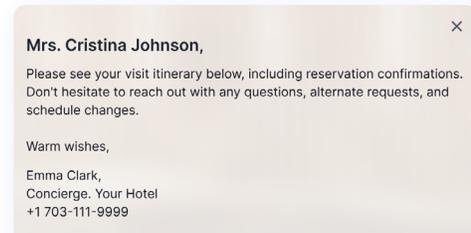

Interactive Details

Add directions, phone numbers, websites, and more—guests can tap directly from their itinerary.

Message from the Team

Include a personalized welcome or overview from your concierge team to set the tone for each stay.

Auto Expiration

Itineraries can be set to expire, helping you maintain security and keep information up-to-date.
